- **Notes:** Please be advised that Klemtu is a remote community and services are limited.
- **Flight delays occur frequently due to weather and the nature of flying into remote areas.**
- A visit to Spirit Bear Lodge is a unique experience among wildlife viewing operators in BC. We visit totally remote and pristine locations, there are no roads, no viewing platforms, and no washrooms in the wilderness.
- Good mobility is essential for travel on the trails and for embarking and disembarking our vessels onto rocky shorelines and beaches.
- Guests must be physically prepared to encounter trails that can be overgrown, uneven and sometimes we make our own.
- We sometimes sit for long periods of time in the forest, sometimes in the rain, waiting for our chance to view wildlife.
- We hike distances of up to a mile at each river or estuary we visit and sometimes we visit more than one river or estuary in a day.
- Maximum of 10 guests per boat. We spend 2.5 to 4 hours on our transport vessels each day to reach our wildlife viewing destinations. To maximize your wildlife viewing we spend 9-10 hours in the field.
